Re: Sharing Our Testimonies For Healing and Justice

We are so thankful you have taken the step to go through an abortion recovery program. We know it takes a lot of courage and we pray that you have received hope and healing. As you continue on your healing journey, you have the opportunity to share your testimony, confidentially, through completing a declaration form. These declaration forms are used in different ways, including in court proceedings and in legislative matters. We are receiving more and more requests for these first-hand accounts and encourage you to strongly consider including your experience. The U.S. Supreme Court has already been influenced by these testimonies.

This declaration form is available through Operation Outcry (OO), [www.operationoutcry.org](http://www.operationoutcry.org), a ministry of The Justice Foundation. Please know, contact information of those completing the declarations are kept strictly confidential by The Justice Foundation. Please fill in as much of the information as you can remember. You should be sure to sign, indicating whether we should use your full name, first name or initials only when the document is filed. To submit your testimony, either complete the hard copy available to you now and mail to The Justice Foundation or give it to your leader. You can also fill out the declaration online by going to [www.operationoutcry.org](http://www.operationoutcry.org). Many have received even more healing by sharing their story in this way.
